TECHNICAL SKILLS
- **Programming Languages**: Dart, Core Java, HTML
- **Mobile & Frontend Development**: Flutter, Android Studio, Visual Studio
- **Architectures & Design Patterns**: Clean Architecture, MVC, MVVM
- **State Management**: Provider, GetX, BLoC
- **Database & Storage**: SQLite, Firebase, Shared Preferences, Secure Storage
- **API & Networking**: REST API Integration, HTTP, Dio
- **Version Control**: Git, GitHub
- **Other Tools**: MS Excel, MS Word, Power Edit, MathType

PROFESSIONAL EXPERIENCE
Associate Software Engineer – Flutter Application Development
Kefi Tech Solutions Pvt. Ltd. | June 2025 – Present
- Developed responsive, user-friendly Flutter UIs using custom widgets.
- Integrated RESTful APIs and implemented efficient state management (Provider, BLoC).
- Ensured smooth, scalable, and maintainable app performance through clean code architecture.
- Conducted manual testing and fixed errors before launching applications.
- Ensured high-quality app performance through rigorous testing and bug reporting.
- Collaborated with development teams to improve application quality and functionality.

Flutter Developer Intern
Luminar Technolab | Feb 2024 – Aug 2024
- Developed responsive, user-friendly Flutter UIs using custom widgets.
- Integrated RESTful APIs and implemented efficient state management (Provider, GetX).
- Ensured smooth, scalable, and maintainable app performance through clean code architecture.

Quality Controller (AAQC)
Aptara Learnings Pvt. Ltd. | March 2021 – June 2025
- Delivered high-quality document conversions from DOCX to XML.
- Ensured accuracy and consistency via styling, quality assurance, and effective error resolution.
- Maintained strict quality standards and contributed to process improvements.

PROJECTS
KDCH – Hospital Management App
- Designed and developed the frontend using Flutter with responsive UI.
- Integrated RESTful APIs for appointment booking, doctor listings, and patient records.
- Implemented clean architecture to ensure maintainability and scalability.
- Conducted manual testing to ensure functionality of appointment booking, doctor listings, and patient records.
- Identified and reported bugs, ensuring error-free application performance before launch.

Pegado Conspi – Teacher Attendance & Marks Entry App
- Designed and developed the frontend using Flutter with responsive UI for managing attendance and entering academic marks.
- Enabled real-time updates through backend API integration and clean UI design.
- Ensured optimal performance through effective state management (BLoC).
- Performed manual testing for attendance management and marks entry features.
- Ensured real-time updates and UI functionality through rigorous testing and bug fixes.

EDUCATION
- **B. Tech** in Computer Science
  Kerala University
  CGPA: 7.0 (70%)

SOFT SKILLS
- Fast Learner
- Adaptability and Flexibility
- Problem Solving & Strong Communication
